

LEARN TOGETHER

'Let's learn to enjoy, achieve, respect and nurture together'

20th April 2020

Dear Children,

I hope that you are well and are looking after each other in your home. I am sure that you have been missing your friends and some of your family members that you may not be able to see at the moment. This is just the same for me and our other teachers and staff at school. We all miss people too.

I would normally be saying 'Bore da' to you this morning and welcoming you back after the Easter holiday. This year is a bit different. The horrible virus has meant that we have all had to change our plans, finding different ways to learn and to do the things that we enjoy.

Your teachers have been busy planning some activities to help you to keep strengthening your brain and keep learning whilst we can't be at school. Try hard to do some of these when you get them on Seesaw and keep reading things that you enjoy! There are also lots more ideas on our school website which you might like to try out.

We won't have to do this forever and we will be together at school again soon.

One day, you will look back at 2020 and you will remember how much courage and determination you showed, following the government advice with your family at a difficult time in all our lives.

I am so proud of every one of you and miss you very much. I can't wait to hear more from your teachers about all of the lovely things that you are doing. You can also email me on edwardsc44@hwbcymru.net if you would like to share any pictures / stories about the things that you are getting up to.

Keep talking to your family, look for lots positive things in your day, behave well and be kind to each other.

I hope that you like the picture message from us all. Everyone at Barker's Lane is looking forward to when we can all be together again.

Keep safe. Cadwch yn saff.

Lots of love,

Mrs Edwards
