

LEARN TOGETHER

'Let's learn to enjoy, achieve, respect and nurture together'

15th March 2021

Dear Parent / Carer

It has been lovely to have our whole school back together again today. Listening to children as they play and learn alongside each other all over the school is such a privilege after these last few months.

As you would expect from us, we are evaluating each aspect of the return as it goes along. Thank you for your support with helping your children and all adults who come onto the school premises know what is expected.

Drop off and pick up are the trickiest parts of the school day to manage. With the wider return and increasing numbers of children and adults accessing the school site, it is imperative that we all adhere to our procedures to keep everyone safe.

Drop Off

Although staggered starts reduce the traffic outside, it is essential that everyone parks safely and with consideration for the safety of the children, families and local residents.

Please can any parents who are dropping children off near to the entrance, park up safely before letting children out of the car. Please **do not** just stop on the road and block traffic.

Thank you for your support with this.

Pick Up

At home time, please ensure that the **exit gate is kept clear**. All parents who are collecting children, must come up on to the yard and wait please.

Please ensure your family is socially distanced from other families and that children remain with you at all times. We have put a lot of time and organisation into planning to keep waiting time to the bear minimum. None of the children should be running around / playing on the yard at this time, not even with children from their own class. Diolch for your support with this.

Although the return to school is the start of some normality coming back for the children, to maintain this and reduce any further disruption to learning we are extremely grateful for your support with all of these matters.

Thank you for all of your support at this time and always.

Kind regards

Chris Edwards
