

# Smoke Free Policy

**Signed by Chair of Governors:**

**Date policy adopted by Governing Body:**

**Review date:** March 2024  
(Subject to latest guidance)

## 1. Introduction

Smoking is the single most preventable cause of ill health in our society and passive smoking has been shown to cause lung cancer and other serious illnesses in non-smokers.

A Smoke Free school reinforces our commitment to the Wrexham Healthy Schools Scheme's ethos of adopting a whole school approach to smoking issues and reinforcing messages learnt in the classroom.

The Smoke Free environment at Barker's Lane School is in accordance with the Welsh Government legislation and Wrexham County Borough Council's Smoke Free Policy Guidance (2006).

## 2. Definition of substance

The standard definition of a substance used for this policy is – 'A substance is something people take to change the way they feel, think or behave' (United Nations). A defined range of substances covered by the policy will be tobacco.

**For the purposes of the Smoke Free policy e-cigarettes shall be classed in the same manner as smoking of other materials in all cases. This includes prohibiting the use of e-cigarettes in all school buildings, grounds or vehicles.**

## 3. Aim

To provide a Smoke Free environment that protects and promotes the health and well being of the entire school community.

## 4. Objectives

Barker's Lane School will:

- Not permit smoking in any part of the premises, entrances or grounds at any time, by any person regardless of their status or business with the school. The Smoke Free Policy extends to the use of the building outside school hours.
- Raise awareness of the risks of smoking to pupils using the schools PSE programme.
- Participate in Welsh Government initiatives to promote non smoking.

- Advise contractors and other workers within the school's premises of the Smoke Free Policy
- Ensure that organisations/individuals using school facilities agree to comply with the Smoke Free Policy.

- Inform parents of new pupils of the school's Smoke Free Policy.

## 5. Environment

**It is illegal to smoke in any part of the premises, entrances or grounds at any time, by any person regardless of their status or business with the school. The Smoke Free Policy extends to the use of the building and grounds outside of school hours**

**Premises and grounds are required by law to display No-Smoking signs at all entrances to the school grounds**

## 6. Curriculum

Effective Substance Misuse Education including smoking will enable children and young people at Barker's Lane School to make responsible informed choices about their lives. It will not be delivered in isolation; this will reflect the approach within the Personal and Social Education (PSE) Framework for Wales, which underpins this Policy.

	<b>PSE Framework</b>	<b>Wales National Curriculum Science Order</b>
<b>FP</b>	Understand that medicines are taken to make them better, but that some drugs are dangerous.	Pupils should be taught about the role of drugs as medicines.
<b>KS2</b>	Know the harmful effects, both to themselves and others of tobacco, alcohol, solvents and other legal and illegal substances.	Pupils should be taught that tobacco and other drugs can have harmful effects.

Where people from external agencies are invited into the school they are 'visitors' and will be seen as contributing to the school's agreed programme and not replacing it. Visitors will be involved in the planning of the full programme and contribute their specific expertise where required e.g. Police School Liaison Officer, Youth Worker, Healthy Schools.

## **7. Training**

The SLT will ensure that there is adequate training and resources for all staff involved in the delivery of the aims and objectives of the policy.

## **8. Media Contact**

Staff at Barker's Lane School will not report incidents and/or issues concerning tobacco use to the local press and media generally. The Head teacher, in conjunction with LEA and Governors will deal personally with all media matters. All media enquiries will be referred to the Council Press Office.

## **9. Procedures for dealing with an incident**

Staff who become aware of incidents involving pupils and smoking will inform the responsible staff member. The responsible staff member will then notify the head teacher or member of SLT in her absence. The response will

depend on the type and degree of risk, with some situations requiring immediate action.

Pupils and staff who disregard the policy will be disciplined according to the school's disciplinary and behavioural procedure.

All tobacco will be confiscated and destroyed.

**Immediate action is needed when there is a clear risk to safety, for example:**

<b>Example</b>	<b>Action</b>
<i>Tobacco is being supplied on, or near premises to underage pupils</i>	<b>Contact police</b>
<i>Pupils in possession of tobacco</i>	<b>Contact parents</b>

## **10. Contact with Parents**

There will a reasonable attempt to contact parents to inform them of any tobacco related incident unless:

- There are child protection concerns
- It would interfere with a school investigation
- It would interfere with a police investigation
- It could result in greater harm to the child for another reason.

## **11. Contact with Police**

The school will refer to the School Crime Beat Protocol guidance for tobacco related incidents, if appropriate.

## **12. Procedure for dealing with pupil after an incident**

Staff who become aware of difficulties and /or incidents involving pupils will inform the head teacher.

The response will depend on the type and degree of risk, with some situations requiring immediate action and others requiring time for assessment of information, seeking advice and the involvement of other agencies. In all cases the safety and security of pupils is priority. If a pupil is at risk because of impaired mental state, parents should be contacted and required to take control of their child. Failing that, any emergency contact will be asked to assist. Alternatively social services and the police can be called for advice.

## **12.1 Supporting pupils after an incident**

The school will have procedures in place to protect the welfare of any pupil after an incident. They may require support in the period following a tobacco incident, as they may feel extremely vulnerable at the time.

The range of responses may include:

- Referral to smoking cessation service
- School based counselling
- Youth support services
- Behaviour contracts
- Restorative approaches
- Fixed term exclusion
- Permanent exclusion

The record of the incident and interview will be signed and dated by the responsible member of staff / Police, including at least one witness.

## **12.3 Out of School Procedures**

The school has no role in dealing with tobacco incidents outside school hours and premises other than on school trips. On educational trips, including residentials, the school Smoke Free policy will apply.

## **13. Safeguarding and Confidentiality**

Teachers will not promise confidentiality. The boundaries of confidentiality will be made clear to pupils. It may be necessary to invoke local Child Protection if a pupil's safety or welfare or that of another pupil is under threat. If a pupil discloses information which is sensitive, not generally known, and which the pupil asked not to be passed on, it will be discussed with a senior member of staff.

Confidentially maybe broken against the wishes of the person confiding the information when necessary:

- where there is a child and young person safeguarding issue
- where the life of a person is at risk or there is a risk of serious harm to others

Every effort will be made to secure the pupil's agreement to the way in which the school intends to use any sensitive information.
